What population size does your library serve?
2023 CLiC & Connect Rural Meetups

2023 marked the second year of evolution for the former CLiC Spring Workshops. We’ve been bringing in-person learning to rural library staff for many, many years. CLiC & Connect is designed to complement the Virtual Winter Workshop by providing an opportunity for learning, but most importantly a chance for staff from rural libraries across the state to CONNECT in-person.

A balance of learning and informal networking was offered. Highlights include:

- Content covered a wide variety of topics, from first amendment audits to how adults learn to marketing.
- Attendance for 2023 increased by 50% over 2022, and we’ll be ready for another increase in 2024.
- In-depth learning was added with “Advocacy & Strategic Planning: CLiC Style.”
- Time was dedicated for AspenCat users. Bob Bennhoff, AspenCat Services Manager, says, “It was invaluable to mix some training, some previewing of coming features, and some discussion amongst AspenCat member libraries. While every CLiC & Connect AspenCat session was unique and driven by those who attended, all were valuable for the participants as well as the AspenCat team.”
