INGRAM LIBRARY SERVICES LLC

Ingram provides books, spoken word audio CDs, music CDs, pre-recorded DVDs/Blu-Ray, and Playaways.

- Colorado libraries wishing to establish or maintenance an account should contact the Account Services **Department at (800) 937-8200 to set-up or update an account under the contract for the Colorado Cooperative.**
- Ingram-paid freight from your designated primary distribution center. We hold orders from your primary distribution center until a minimum quantity of 15 units is met. Shipments of 15 or more units from your secondary distribution center qualify for free freight, but we charge a flat \$6.00 shipping fee on shipments of fewer than 15 units. The flat fee amount and/or qualifying unit quantity is subject to change with notice.
- Ingram chooses the most cost-effective shipping method but uses UPS ground service to transport most of Ingram's goods. Ingram reserves the right to adjust distribution center designations to provide the most favorable service to your Library. Orders ship F.O.B. Destination. Ingram defines F.O.B. Destination as Ingram being responsible for the products until they are delivered to the library. Once the items have been delivered, liability lies with the receiving agency.
- When freight charges on an individual account surpass 2.5% of the account's expenditures, Ingram reserves the right to change the shipping settings under this offer. Changes to account settings such as one warehouse for shipments or shipment timetables and order consolidation levels are examples of such alterations. We work closely with the Library to ensure that any changes are in the best interests of both parties.
- Due to the impact of rising oil prices, Ingram has instituted a \$3.00 fuel surcharge. This charge appears as Shipping and Handling charge on your invoice and is subject to change with notice.
- Ingram establishes School accounts to receive either one or two shipments for each purchase order. With the option to provide one shipment per purchase order, your accounts are profiled to deliver within 30 days ARO. With the option to provide two shipments per purchase order, any in-stock non-processed title ships within 24 hours or on the same business day, if placed before local cut-off time at your designated Ingram distribution center. Backordered titles ship at the end of your backorder cancellation period, which can be set for delivery within 30 calendar days ARO. This order type is particularly beneficial to schools because it makes it easier to track and close purchase orders. It also provides a final invoice.

* Ingram's standard Low Price Point discount: Trade Hardcover, Quality Paperbacks, and Mass Market Paperback titles ordered with a cover price of \$9.99 or less will receive a 30% discount.

** Short Discount/Non-Trade: Lower demand, small print-run books in various bindings, and includes graphic novels, legal, technical, reference, scientific, and medical titles as defined by Ingram subject categories. Titles are generally published by small or university presses. Also included are print and audiobook titles purchased at lower than full trade discount; titles with limited sales volume; and/or titles from publishers not in compliance with Ingram's purchasing requirements. Ingram is pleased to make this broad base of titles available to our customers with no service charges.

*** Eighty to eighty-five percent of all Spoken Word Audio is at the 45% discount; however, some Spoken Word Audio is short discounted by the publisher.

CATALOGING AND PROCESSING

We understand that each library has unique criteria and individualized workflows that require customized cataloging and processing, and we have built a service that combines an expansive bibliographic database with a full range of solutions to meet those needs. CLiC members will receive standard bundle pricing for value-added services. To simplify budgeting and to speed items through our facilities, Ingram offers bundled cataloging and processing services. With our tiered service levels, your library can easily estimate its yearly cataloging and processing costs and identify ways to save.

Pricing

Mylar is available via component billing, and all other cataloging and processing services are billed as bundles. Rather than charging for each item applied to a unit, all units on a designated account will be charged the same cataloging and processing fee. Pricing is based on Ingram-supplied materials. Additional pricing for customized bundles will be based on technical services specifications and will reflect the complexity of each Library's requirements. Upon award, Ingram will move all existing CLiC customers with current accounts to our new bundle pricing effective January 1, 2026.

- Mylar component billing: \$1.20/each
- Mylar and Laminate bundle: \$1.50/unit
- MARC Record bundle: \$0.75/unit
- Spine label bundle: \$1.63/unit
- iClassic A bundle: \$2.54/unit
Includes spine label (up to 2 per unit), barcode (up to 2 per unit), property label, mylar jacket, label protectors, laminate, Reading Program labels (AR large, AR small, Lexile, and RC), best-available MARC record.
- iClassic B bundle: \$1.99/unit
Includes spine label (up to 2 per unit), barcode (up to 2 per unit), property label, mylar jacket, label protectors, Reading Program labels (AR large, AR small, Lexile, and RC), best-available MARC record.

Discontinued Processing Services Ingram is no longer offering property stamps, but we do offer the option of a property label. Other discontinued services include a due date slip (full or partial), spine tape (outside), vinyl pocket, 3M theft detection, and checkpoint theft detection.

Processing and cataloging components are available at the current standard pricing in place at the time the option is added to your account profile. Standard pricing is subject to change with notice. Ingram will review this offer with the library annually. Please reach out to your Ingram Sales Representative for additional services and pricing.
