SATISFACTION

RESULTS FROM POST-EVENT SURVEY

Attendee learning was enhanced by the knowledge of the presenters.

Attendees will be able to apply what they learned immediately in their jobs.

“Instead of just sharing facts, they used real-life stories, and at times case studies, that showed exactly how these ideas work in the field.”
-2026 Attendee

“I’ve learned some effective, polite ways to say 'no' or 'not right now' to non-priority tasks, which will help me focus more on immediate needs.”

SATISFACTION

COMMENTS FROM ATTENDEES

"I enjoyed the variety of sessions, and was also happily surprised by some of the sessions available!"

-2026 Attendee

"Just really good information, presented in a way that made it immediately useful and great topics."

-2026 Attendee

"Seeing other librarians who have same frustrations and knowing they work towards solutions was energizing."

-2026 Attendee

"Other than our Director, who mostly does policy/board work, we do not have any professionally trained librarians at our small, rural library. It was so beneficial for me to learn about higher level librarianship from experts in the field."

-2026 Attendee

I will improve my work by "having templates from the handouts and examples from the presentation that I can use, model and adapt for my library."

-2026 Attendee

"I wanted to attend more of the options. It was difficult to choose! Lots of good content."

-2026 Attendee

The best part were the "Ideas and approaches that weren't biased or political."

-2026 Attendee

"The best part for me was the really engaging presenters, and useful, interesting topics."
